Wednesday 31 May	<i>No meeting (State of Origin)</i>
<b>Wednesday 7 June</b>	<b>Youth Achievement Awards</b>
<b>Saturday 1 July</b>	<b>Club Changeover</b>

**The Centurion Club of the Australian Rotary Foundation** is one of the ways in which individual members can make a difference to the projects within and across Rotary worldwide. It involves contributing A\$100 per year as long as you are able to do so, or as a one-off donation. The initial commitment is recognized by the presentation of a certificate and a "Centurian" label badge.

100% of the funds are used for Areas of Focus projects both locally and internationally. There are no administration fees.

Contact the Club International Director, PP Arie Pappas, for further information.

Arie has also advised that the club may become involved with a project to donate and send hospital equipment overseas to Egypt. More information on this to follow shortly.

Bradley Ayres has put out a call for Rotarians to assist at the **Meriden Interact dance to be held Friday 5<sup>th</sup> May 2023. We urgently need more volunteers.**
