

Trev's Tidings

*"They shall grow not old, as we that are left grow old;
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them."*

Laurence Binyon

For The Fallen, The Winnowing Fan, Poems of the Great War, 1914

This week, we have our traditional ANZAC Day breakfast at Cape Cabarita. It's a time when we remember those who have made the ultimate sacrifice and for us to appreciate how fortunate we are to be where we are in the world today. If anyone is intending to attend, and they haven't already done so, please let PDG David Croft know as soon as possible.

Last week, Graham Attenborough gave us quite an insight into the workings of the Sydney Catchment Authority. I found his presentation quite fascinating and, judging by the number of questions that were asked of him, I wasn't the only one. One day we might take him up on his offer to meet us at Warragamba Dam for an on-site presentation.

We still have a number of events in the next few weeks for which we will need helpers. We have The Infants' Home barbecue on Saturday, 5th May, the Strathfield Chamber of Commerce May Fair on Saturday, 12th May, and our annual Trivia Night in support of Chalmers Road School in June. In addition, we always support the Salvation Army Red Shield Appeal, this year to be held on Sunday, 20th May. Please try and help out wherever you can. Don't wait to be asked – volunteer!

As my year draws to a close we also have our Golf Day and Restaurant Night on 3rd May, the Hat Day event at Breakfast Point on Saturday, 19th May, a trip to Johanna and Domenico Alvaro's residence at Bowral in early June, and a vocational visit to the Animal Referral Hospital, 20th June. In addition, we have our annual Youth Achievement Awards Night in May and our Membership Night in June. Please support as many of these events as possible. They all have to be organized by someone and your attendance will make all their efforts worthwhile.
