

Trev's Tidings

"It is good to have an end to journey toward; but it is the journey that matters, in the end."
Ernest Hemingway

Last week we visited the Animal Referral Hospital at Flemington. Dr Sarah Goldsmid told us about the history of the hospital, about some of the day-to-day activities that go on there, and about some of the animal celebrities that they have treated. The tour of the facilities was a real eye-opener for those who attended, some of whom were able to get close and personal with the clients, while others, the technophiles, drooled over some of the equipment on show.

Well, my year as president is almost over. At the Changeover Dinner on Friday we will have the opportunity of reviewing our year and remembering our achievements. We have done well. We will also have the chance of hearing PE Ray Wilson reveal his plans for the coming year when he takes office as president. I hope as many members as possible can be present at what will be a memorable and enjoyable occasion.

It has been an honour to lead Strathfield Rotary for the past 12 months and I thank everyone for supporting me so well. For those of our membership who have not yet been president, I would urge them all to think about it. Yes, it is a busy year, but it can be so rewarding.
